

HAZARDOUS MATERIALS AWARENESS TRAINING

The HAZARDOUS MATERIALS AWARENESS course involves 8 HOURS of classroom instruction, case studies, and interactive tabletop scenarios emphasizing awareness of potentially hazardous materials that are handled, transported or loaded and unloaded in a maritime setting through mechanisms such as labels and markings, the Emergency Response Guidebook, or information stations. In addition, this course stresses the concept of "observe and report" in the case of an incident, with an emphasis on keeping the trainees and others a safe distance from the hazardous material.
