

ACTIVE SHOOTER EXERCISE DEVELOPMENT WORKSHOP

PRE100

Tuesday, May 21, 2019

Tulane University
Yulman Stadium

Jill H. and Avram A. Glazer Family Club

8:00 AM - 5:00 PM

TEEX.ORG/ESTI

The goal of the Active Shooter Exercise Development Workshop course is to provide course participants with the knowledge, templates and information to lead a Train-the-Trainer Active Shooter Tabletop Exercise.

Scope

Past active shooter events have proven the need for realistic exercises delivered in the community. This course answers that need by providing a train-the-trainer (TtT) course on how to design and deliver a Tabletop Exercise (TTX). This course will also provide template materials needed to deliver five (5) different TTXs, with one (1) of the five TTXs delivered in the afternoon of the training day.

Participant Audience

The Active Shooter Exercise Development Workshop is a train-the-trainer course designed for individuals who may be responsible for developing and delivering active shooter tabletop exercises. Past events have demonstrated that a key point to effective whole community preparation includes coordination across all professional disciplines that have responsibilities in the event of an active shooter incident.

Course Prerequisites

There are no course prerequisites.

Course Length

One day (8 hours)

Continuing Education Credits

0.8 CEUs (IACET)

Participant Audience have come from but are not limited to:
